ND Class VI Primacy Draft Direct Final FRN\_020714 + AAP.docx

This is the latest from the ND package. I am not sure when they are publishing. They are publishing both a direct final and a proposed rule so that if they don't get any comments, it can just go final. Craig Boomgaard is the program lead for ND, and we worked directly with Lisa McWhirter in OGWDW, who is assigned to do all Class VI program revisions. We also have a contract with Cadmus to help us with the crosswalks. They take the first cut at the crosswalk before HQ and the Region review it.

Lisa,

OGC concurs with this direct-final rule package. I have a few minor comments/edits in the attached document along with one suggestion on pg. 18. Let me know if you have any questions and thanks for all your hard work on this primacy package and revising the approach to Part 147.
